

**HARDWARE FROM
TALBOT & HUBBARD**

Korricks Greater New York Store was furnished throughout by Talbot & Hubbard with all the hardware used. It is interesting to know the vast amount of material furnished by this firm. The building is equipped with Talbot & Hubbard's Sargent Locks, one of the best known locks in the world. The Talbot & Hubbard store is noted throughout the state for the completeness of stock carried of the nationally known lines they sell, and for the particular courtesy and fair dealing always shown to customers.

The firm began doing business in Phoenix twenty-six years ago and still numbers among some of its most valued patrons old timers that started to do business with them when the business began twenty-six years ago. Walter Talbot, the president of the company, has been actively interested in the business ever since the firm started in '88, at which time they were located on South Central Avenue where the Commercial hotel building is now situated. They removed to their present location at 27 East Washington Street in 1899.

**LUMBER BY THE
HALSTEAD COMPANY**

The J. D. Halstead Lumber Company of Five Points shows the magnitude of the business it does by the one item of the Korricks New York Store. All the lumber and the cement in this entire building was furnished by this big building material firm. The Halstead Lumber Company has been growing until recently it was forced to seek larger quarters, and has moved across the street to the south side of Van Buren where they have their large plant.

This firm also furnished the lumber and cement for the Monroe street school, for the Power Apartments and the Buntman Apartments, as well as scores of other buildings in the city of Phoenix.

**COSTON FURNISHES
MAHOGANY FIXTURES**

The largest single contract ever handled in Arizona for inside store fixtures is that of the New York Store, by T. J. Coston of Phoenix for the Southern California Hardware Manufacturing Co. of Los Angeles, who furnished and installed the \$25,000 worth of all mahogany fixtures that so gracefully finish the interior of this store. The fixtures came in ten car load lots, accompanied by Mr. Gaalken, an expert who is known on the coast for his knowledge in this line.

Mr. Coston is a married man who lives in Phoenix with his family. Their offices are in the Creighton Block. Mr. Coston is a member of the Phoenix Rotary club and other city organizations.

SARGENT

Hardware

Is The Best

Chas Korricks thought so when he selected **SARGENT** for the magnificent New York Store Building recently opened to the public.

Why not specify **SARGENT** Locks and Hardware upon your new home? It will be better to do this than to wish you had.

Talbot & Hubbard, Inc.

"At the Sign of the Dog"

The Painting Contract for Korricks Greater New York Store

was handled by
